OF THE

Fraser Nursery Company

INCORPORATED

Huntsville, Alabama

BRANCH NURSERY AND OFFICE

MONTEVALLO ROAD AND AVENUE F

BIRMINGHAM, ALABAMA

For Nurserymen

AND

Dealers Only

In compiling this Price List we have followed, as far as possible, the fruit nomenclature adopted and recommended by the American Pomological Society and the nomenclature of ornamentals to conform to the 1917 Official Code of Standardized Plant Names, adopted and published by The American Joint Committee on Horticultural Nomenclature and as first published in Volume VI of Bailey's Standard Cyclopedia of Horticulture. Where the name has been changed in fruit trees we show the old name in parenthesis. In ornamentals, where possible, we show common name in parenthesis immediately following botanical specific and varietal name.

TO THE TRADE:

It has been our custom in the past to use this page in saying a few words for ourselves and our stock. This season we have decided to use this space instead in publishing some of the nice things our customers have been good enough to write us. Lack of space prevents using but few of the pleasant letters we have received, but we hope the many who have written along similar lines will not feel that their kind words are forgotten or unappreciated. To all of our friends and patrons this page is therefore dedicated.

FRASER NURSERY COMPANY, HUNTSVILLE, ALABAMA

Branch Nursery and Office
Montevallo Road and Avenue F.
Birmingham, Alabama

TENNESSEE

Have just finished planting your first shipment. The plants for White are the talk of the town and the other plants came up to my expectations. Thank you again for the nice stock and careful packing.

MISSOURI

The first shipment reached here on Thursday during the blizzard. I was afraid to start unpacking until weather moderated so did not get the boxes unpacked until today. Am glad to say that everything opened up in fine condition with no indication of frost injury. Am enclosing three small orders which please get out as soon as possible sending the same route as before. Thanking you for the promptness with which you handled my last order, I am—

CUBA

The evergreens from Birmingham have finally been cleared and delivered to my customer who is very much pleased. The trees are beautiful and were so well packed the balls were uninjured. This is the first shipment of balled stock I have ever been able to get through from the States in good shape, usually the balls are so badly broken the earth falls from around the roots as soon as opened. If you have four more trees that will match as good as these please ship same as before.

ALABAMA

Enclosed please find check and additional order which let come forward as early as possible. Your last shipment has just been received and checked. The plants are very fine and Mr. _____ is well pleased with them. The enclosed order was given me after he had seen the first lot.

GEORGIA

We have just wired you to ship the following: Last season we had better results with your stock than with any other we handled and we hope you will handle this order in the same careful manner. The prospects this season are very good and we hope to handle a number of large orders from people in the County who expect to plant orchards. Please hurry this through all you can.

TERMS OF SALE

CASH or satisfactory reference, with sufficient time to investigate before shipment, is invariably required of parties unknown to us. To responsible, prompt paying parties, we will extend usual time for payment.

REMITTANCES should be made by Draft on New York, Chicago, or St. Louis, or by Express or Postal Money Order.

CLAIMS for damages or deficiencies to receive consideration must be made promptly upon receipt of goods.

RATES apply as follows: When 10 trees and not over 50 are ordered, the price will be $2\frac{1}{2}$ cents per tree more than the price per 100. Orders for 50 trees or more up to 300, when not less than 10 trees of each variety, will be charged for at the price per 100. Orders for 300 trees or more, when not less than 10 trees of each variety, will be charged for at the price per 1000.

TELEGRAMS—Use Nurserymen's Telegraphic Code, copy of which we will mail upon request. In connection with this we give a cipher word in *Italics* for each grade. When this cipher word is used either in mail or telegraphic orders no other description of the stock is necessary.

PACKING—We believe we excel others in the manner of handling stock. This is due largely to personal experience and supervision. We pack to insure contents from drying or freezing, even though the shipment be delayed in transit.

The cost of new boxes, well made, to be added as follows:

30x30x7 $\frac{1}{2}$ to 10 feet.....	\$5 00	18x24x7 $\frac{1}{2}$ to 10 feet.....	\$3 50
24x30x7 $\frac{1}{2}$ to 10 feet.....	4 50	18x18x7 $\frac{1}{2}$ to 10 feet.....	3 00
24x24x7 $\frac{1}{2}$ to 10 feet.....	4 00	15x15x7 $\frac{1}{2}$ to 10 feet.....	2 50

Bales 25 cents and up, according to size.

In packing small stock we can sometimes use goods boxes that will fill the purpose just as well as our own new cases, and there is considerable saving by so doing. Goods boxes will be used wherever possible, unless otherwise instructed.

SHIPMENTS—When ordering, please state plainly whether freight or express shipment is desired, and give route if by freight. In the absence of this information we will use our best judgment without assuming any responsibility as to delivery. Goods are at purchaser's risk and cost after delivery to the forwarding company. Under the Parcel Post system we are often able to forward small packages for less than the rates charged by express company. Parties desiring to secure the benefits of Parcel Post should include sufficient for postage in their remittances; the difference, if any, will be refunded promptly.

GUARANTEE—We are very careful to keep each variety true to name as labeled, and are ready at any time to replace, on proper proof, any that may prove otherwise, free of charge, or refund the amount paid, but it is mutually agreed between the purchaser and ourselves that we shall at no time be liable for an amount larger than the original purchase price.

CAUTION—All orders are accepted upon the condition that they shall be void should any injury befall the stock from frost, hail, fire or other causes beyond our control.

REFERENCES—Any Bank or Business House in Huntsville, Alabama, or either of the Mercantile Agencies.

HB 3 to 4 feet, well branched.....	<i>Mail</i>		60 00
HB 2 to 3 feet, branched.....	<i>Major</i>		40 00

Note:—The large Magnolia Grandiflora offered above are splendid specimens. We do not believe there is a finer block of these beautiful southern Evergreens in the country. They have been twice transplanted; have an abundance of fibrous roots and straight smooth trunks with well formed heads. The trees are carefully dug as needed, roots puddled in mud to prevent evaporation and packed immediately. In this way there is no exposure and satisfactory results are certain. We invariably defoliate except for a few leaves at terminals.

BROAD LEAVED EVERGREENS

Items grown in Birmingham are indicated by prefixed letter B. Those grown both in Huntsville and Birmingham are indicated by letters H. B. Shipment will be made from either point as may be most convenient. Where no prefixed letters occur it is understood these items will be shipped from Huntsville.

Prices include Balling and Burlapping where necessary.
